

## Craft beer for craft films

The Melbourne International Film Festival (MIFF), runs from 28 July to 14 August, showcasing the best in current cinema from around the world and is the largest platform for Australian cinema. Mornington Peninsula Brewery was proudly chosen to be the Major Beer Partner for MIFF 2016-18.

Like MIFF, Mornington beer is for the discerning audience and gathers inspiration from across the globe to create a true craft product.

Mornington beer will be available at cinema venues during the festival and throughout the city at many of the Food & Film partner venues. Several Food & Film Partners are offering food and drink specials to ticket holders.
